

Ed, our IT man, has taught us a lot about doing work remotely and is helping us to upgrade our data program.

The Mission of the Spanish Health Ministry is to respond to the medical needs of Spanish speaking families of disabled or medically fragile babies and children who live in the Southern Chester County area to develop a relationship with them to share the Gospel of Jesus Christ.

We thank God for our "old-fashioned" front door with a large mail slot! Anytime, night or day, patients can put papers through without in-person contact.

Christmas Blessings!

From the staff, board, and volunteers
of the Spanish Health Ministry

Donations gratefully received via PayPal, or by check

Our long-term volunteers, **Edie and Janet**, though unable to be in the office, have been a continual prayer support from home.

JESUS CHRIST

is the
SAME
 yesterday
 today
 and
forever

Hebrews 13:8

Pray for the staff who keep the ministry going during the pandemic.

Volunteer **Vivian** brings not only her smile to the office but also her expertise on the computer. She does our receipts and mailings.

Dona, bilingual nurse, continues accompanying patients to medical appointments and prays for protection for herself and the medically high-risk patients in her car!

Tabitha, our Children's Coordinator, and volunteer **Jackie** have been sending out adult devotionals and children's Bible activities during the pandemic.

After working all week on the computer to help families with insurance renewals, **Ethel** enjoys Friday Ladies' Bible Study where she checks everyone's temperature, gives out devotionals, and brings along friends.

Bonnie's knowledge as an interpreter for the SHM has been invaluable for helping patients fill out forms and reschedule a multitude of appointments!

Susan, in addition to regular treasurer responsibilities, has more work with new COVID funds that help families with rent and utilities.
